GRDA Leads Commercial Road Show to Mpakadan to Deepen Freight Partnerships

August 13, 2026 — Mpakadan, Eastern Region

The Strategic Initiatives and Business Development Directorate led a commercial road show along the Tema–Mpakadan Railway Corridor, bringing together key freight and logistics partners to showcase the corridor's capacity and strengthen commercial engagement ahead of full freight operations.

The delegation included PIL Shipping Line, Integrated Service Solutions (ISS), MEDLOG Transport & Logistics, AskRaf International Company and the Burkina Faso Chamber of Commerce together with a delegation of Burkinabe importers reflecting the corridor's strategic value as a gateway for landlocked Burkina Faso's import and export trade through the Port of Tema.

The road show gave participants firsthand insight into the corridor's operational readiness, terminal facilities, and freight handling capabilities, while reinforcing GRDA's commercial engagement with shipping lines, freight forwarders, and cross-border trade stakeholders. The initiative forms part of the Directorate's broader strategy to convert the Tema–Mpakadan Corridor into a competitive, revenue-generating freight route linking Ghana's ports to key regional trade partners.

Participating Organizations

Organization	Role
PIL Shipping Line	International shipping line
Integrated Service Solutions (ISS)	Freight forwarder
MEDLOG Transport & Logistics	Logistics operator
AskRaf International Company	Freight forwarder
Burkina Faso Chamber of Commerce	Trade delegation, with Burkinabé importers
